1. In late July 1950 it was learned that at a confidential meeting in Schwerin (M 54/T 46), a high SED functionary said that every member of the Allgemeine Transport Genossenschaft (ATG) (Truck Association) is liable to a call with his vehicle in case of increased tension in the political situation. He also said that rifles would soon be issued to the truck drivers. *
2. For two weeks in February 1950 the ATG, Schwerin, had 25 trucks with trailers hauling ammunition, arms and equipment for the Volkspolizei from Stralsund (N 55/P 44) harbor to Schwerin barracks. The materiel, which was new and had come from the U.S.S.R., was stored in Schwerin barracks.

25X1A * [REDACTED] Comment. On [REDACTED] 1950 another source reported [REDACTED] 25X1A
that trucks of the ATG would be employed in emergencies. See [REDACTED] 25X1A
It does not appear likely that civilian ATG drivers will be issued
rifles.
